

**State Capitol Police Section**  
**House Appropriations Subcommittee Follow-Up Questions/Responses**

1. What other State agencies have dispatches?
  - NC State Highway Patrol
  - NC Wildlife Commission
  - NC State University (Campus Police)
  
2. Is there an opportunity to contract with another dispatching agency, or to consolidate this function with other agencies?
  - Further investigation of primary services provided by each agency's communication center may reveal an opportunity to consolidate the SCP communications center functions with some other communications center. An analysis of the feasibility, cost savings, and logistics of such a consolidation would be required. Attention and concern focused on the specialized services SCP currently provides should be considered in the investigation of consolidation.
  
3. For the list of buildings that did not have law enforcement coverage, how many days were those buildings not covered?
